*By profession Stephen is a Senior Systems Analyst at a leading UK financial services firm. A core member of the IT teams delivering change and business agility, he collaborates frequently with company directors and management in a number of governance committees to identify Key Performance Indicators (KPI), define strategy and analyse performance data.*

*In his role as a school governor for the Learning First Federation he has supported the senior leadership teams via the "Finance, Buildings and Personnel" committee to deliver best value and excellence in teaching within the Federation.*

*He has a keen eye for detail, has a strong belief in continuous improvement through the promotion of high standards and creating strong foundations for children's education to be built upon.*
